

LUNCHEON SEMINAR

ONTARIO INDUSTRIAL FIRE PROTECTION ASSOCIATION

CHANGES TO THE 2007 ONTARIO FIRE CODE Wednesday, May 27th, 2009

To be held at the SLEA / CAER Centre, Sarnia
(1489 London Road – Side Door)

*A half day workshop for those responsible for
compliance to the Ontario Fire Code*

Fire departments have been mandated by the Ontario Fire Marshal's Office to institute A ZERO TOLERANCE policy toward fire code violations and penalties which have increased dramatically. Managers are DIRECTLY RESPONSIBLE for compliance so YOU need to understand your responsibilities!

The program examines the following topics:

- **Zero tolerance** enforcement trends and impact on industry
- Division A – performance based code solutions as a concept
 1. Overview of proposal requirements
 2. Administrative requirements
- Div B (emphasis on changes to the 1997 code)
 1. Part 2 - Safety to life – what's new
 2. Part 3 - Industrial Commercial – what's new
 3. Part 4 – Spill planning requirements for Flammable liquids
 4. Part 5 – Hazardous processes & materials – what's new
 5. Part 6 – Tests checks & inspections revisited
- Coping strategies to get or maintain compliance & working with fire officials

The Fire Prevention Officers from Sarnia Fire Rescue Services and St. Clair Township Fire Rescue will be on hand to answer any enforcement questions you may have. *This is a must attend seminar and not one to be missed!*

Professional Profile – Chris Wood – Response Training Associates

Chris Wood, Owner and project manager of Response Training Associates, has more than 30 years experience in emergency preparedness training and emergency planning including incident response. He holds a postgraduate diploma in Education from McGill, a diploma in fire technology (TPI) from the Universite de Montreal, and instructor certification in several emergency response disciplines including hazardous materials response and structural fire brigade operations. He is also a certified fire and explosion investigator. Chris was a guest instructor at the Canadian Emergency Preparedness College where he taught components of the exercise design program, and was former Fire & Safety Officer for the Metropolitan Toronto Housing Authority.
